

KET's V. G. Vaze college, Mithagar Road,
Mulund East, Mumbai, 400 081

Short term course- Level I
“ **Modern Concepts in Pharmaceuticals
and Chemical Industries**”

Highlights:

Date: 31 May- 10 June 2017

- ❖ Invited speakers from Industries and reputed Institutes
- ❖ Hands on practical demonstrations of techniques
- ❖ Visit to Industrial Research and Development Centre

Eligibility: Under graduates, Post graduates, Teachers and Researchers in Chemistry, Biotechnology and Life science

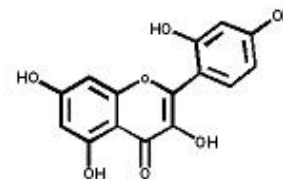

➤ **Basic concepts and Industrial Applications of:**

- Natural Products
- Drugs
- Agrochemicals
- Perfumery

➤ **Natural Products:**

- Classification
- Isolation and purification
- Detection techniques

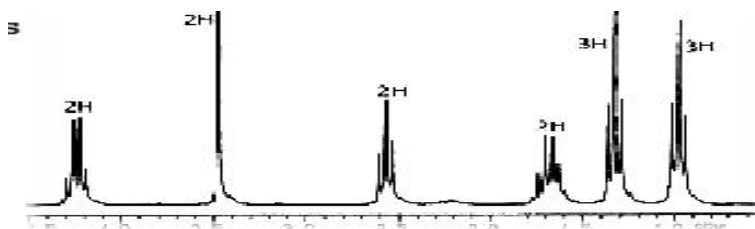

➤ **Introduction to Spectroscopic Identification**

- UV-Vis
- IR
- NMR
- Mass

➤ **Different Techniques**

used in
Pharmaceutical and Perfumery Industries

Limited Seats are Available; Please register before 15th May

➤ **Course Objective:**

After completion of the course, students would be able to understand basic principles and importance associated with natural products, small drug molecules, agrochemicals, perfumery and cosmetic products. The course will help students from different backgrounds such as chemistry, botany, zoology, biotechnology, perfumery and cosmetology to have more useful knowledge in terms of their future career in different industries and academic institutes.

Course duration: 10 days

Course Fee: Rs 2500 (Students)
Rs 3000 (Teachers and Researchers)

Dates: 31st May 2017 to 10th June 2017

Please fill details below and send along with Cheque or Demand Draft drawn in favor of **Principal, KET's V. G Vaze College**, Payable at Mulund on or before **15th May 2017** to following address

Professor Sujata Bhat or Mr. Mangesh Sonawane

Advanced Research Laboratory in Natural and Synthetic chemistry, Room No. 116, Ground Floor, V. G Vaze College, Mithagar Road, Mulund East, Mumbai 400 081
