It traces the timeless narrative of art inspiring art, weaving a rich tapestry of creativity across mediums.

“12 Angry Women”, our drama, is inspired by the Play and Movie by Reginald Rose and Sidney Lumet. The play follows 12 women, each with their prejudices, and a grave responsibility to send a boy, accused of the murder of his father, to death. With bated breath, the audience revels in the suspense of whether the accused is guilty or innocent. Life is in their hands, and death is on their minds. To provide an immersive experience to our audience, the college was decorated with interesting exhibits, such as a crime scene, juror profiles, a witness box, and a photo booth. All Parents, Kin, Teachers and Students from various colleges, were invited to be a part of the Fest. It was indeed a grand success.

Organizing Body: Department of Sociology

Collaborating body: NGO - "Responsible Netism" initiative by Ahaan Foundation

Brief Description of the Internship Program:

Recognizing this imperative, the sociology and economics departments of KET's V. G. Vaze College of Arts, Science and Commerce (Autonomous), Mulund partnered with Ahaan Foundation through their project "Responsible Netism". Through this initiative, the foundation aims at advocating the cause of cyber-wellness among women and children by means of educating and promoting responsible online behaviour. Under this internship program, the students were supposed to complete 30 hours of fieldwork. They were given three tasks out of which they had to select any two. These tasks included the following:

● **Survey in geographical area:**

This activity required the students to conduct a survey in their respective geographical areas for which they were provided with a predetermined questionnaire. It contained closed ended questions. The students visited households and entered the data manually by interviewing the members. Each student completed 150 surveys under this task.

● **Content creation:**

This task aimed at creating awareness through social media by means of creative and engaging content. The students who chose this activity, created blogs, posters, memes, reels and long form videos. They covered a wide array of topics including password safety, gaming safety, two step authentication on social media apps, online banking frauds, OTP scams, reporting mechanisms, etc.

A Street play was organized in two public gardens in Mulund East, namely, Raje Sambhaji Garden and Dr. Chintamani Dwarakanath Deshmukh Garden on 13th March, 2024 at 8.00 am and 14th March, 2024 at 5.30 pm respectively. The students covered three most important areas which included photo morphing, trolling and online financial frauds (OTP scams). The

30 **Annual Film Festival - A Cinematic Insight: 'Mardaani 2' Screening and Societal Reflections**

Date: 1st December, 2023

Name of the Resource Person : -

Brief Description of the Workshop: The Political Science Department's film festival held on December 1, 2023, brought forth a powerful screening of 'Mardaani 2' at the Shrimati Radhabai Vaze Auditorium. Commencing at 9:30 am, the event served a dual purpose: to shed light on the disturbing realities of hate crimes, particularly portrayed by director Ray, and to stimulate conversations on the collective responsibility to address these societal challenges.

'Mardaani 2' directed by Gopi Puthran skillfully captured the profound impact of rape on victims, their families, and the police officers involved, providing a gritty and realistic perspective.

This initiative aligns seamlessly with the Political Science Department's commitment to addressing critical issues through the medium of cinema. By fostering awareness and prompting discussions, the department has contributed to building a more informed and vigilant community, emphasising the potential of cinema to drive societal change.

Number of attendees : 121 Total; Female:91; Male: 30

Feedback Analysis: The screening not only educated the audience but also prompted a thoughtful discussion. Hence, proved to be an enriching session.

31 Short Film Festival by Department of Political Science
Date : 20th February, 2024

Brief Description of the Workshop:

Four short films were curated for the short film festival, namely- "Juice," "Devi," "Democracy," and "Biscuit". They were carefully selected for their ability to offer fresh perspectives on various issues of socio-political importance.

1) *Juice* - is a story about misogyny, sexism and defying stereotypical gender roles.

2) *Devi* - depicts nine women from distinct stratas of society forced into sisterhood due to a circumstance in which they are compelled to share their stories of abuse.

3) *Democracy* - is a satirical depiction of the democratic system and the situation of innocent citizens which is relevant in today's society, explained in a simple way.

4) *Biscuit* - is a powerful film on the treatment of the backward classes, and their never ending exploitation in the caste dominated political landscape of UP.

Feedback Analysis : The short film screening not only educated the audience but also prompted a thoughtful discussion. Hence, proved to be an enriching session.

She also spoke about her disputes with her husband and how the mistreatment continued after her childhood, she also touched upon the topic of how observing her husband's business taught her a few things that she adapted to start her own. Lastly, she spoke about how she stayed strong to fight through the abuse and the mental stress by starting her own business. She never once stopped working hard for the life she dreamt to have and encouraged us to do the same.

31st August, 2023: Psychology Department held an interview session with Mrs. Deepali Chawan and Mrs. Vaishali Patil. The interview was conducted by Dr. Neeta Mehta (HOD, Department of Psychology). The event started at 10:30 am and ended by 12:30 pm. The interview started with Mrs. Deepali Chawan, she talked about how the loss of your father puts you in a financial crisis and not only in an emotional one. She says that she understood how difficult it is to stand up on your own two feet when there is no financial support provided to your family. She struggled to make sure her problems didn't come in the way of her education and how she coped up with the situation as she started to work and provide for her family. Mrs. Vaishali Patil also agreed with her as she too lost her father and also faced issues in her marital life. She spoke about how raising a kid was while having family troubles. Vaishali ma'am started her own catering business to support her family and at the same time also worked in the office of our college. Lastly, both of them mentioned how thankful they are to have supportive people around them and that it is a blessing in disguise.

On Thursday 4th January 2024, the SYBA students of the psychology department conducted an interview session with Omkar Vishwanath Sawant, who is a recovering alcoholic. He gave us insights on how the journey was from frequent disputes with family and numerous relapses to now a successful convalescent. Omkar Vishwanath also candidly expressed the impact of his father's death on his life. He believes that the course his life took is intricately linked to the departure of his father. Embracing his own recovery journey, he extended a helping hand to others facing similar struggles. Seven years clean now, Omkar Sawant actively contributes to a healthier lifestyle. He engages in seminars and rehabilitation centre sessions, sharing his inspiring story. His efforts have not only inspired many but also brought awareness to those treading a challenging path.

2nd March, 2024: This event, titled 'Rising from the ashes,' was conducted by the SYBA students of Psychology on 2nd March 20, bringing forth yet another inspiring narrative. From her early years enduring ridicule due to her condition of Achondroplasia, Mrs. Disha Pandya's journey exemplifies resilience. Despite facing mockery, she persisted, ultimately winning gold in a para championship. With her father's unwavering support, she graduated college and found a passion for fashion design. Today, as the creative head at Rich Products, she stands as a beacon of success. In her personal life, Mrs. Pandya faced hurdles in marriage and pregnancy. However, she defied skepticism by giving birth to India's first dwarf twins, a testament to her strength and determination. Alongside her professional achievements, she founded the "Little People of India" organization, aiming to improve the lives of individuals with dwarfism. Through her inspiring narrative, Mrs. Pandya emphasizes the importance of societal acceptance and inclusion. Her story serves as a reminder that with determination and support, one can overcome adversity and pave the way for a more inclusive future.
